UNSAFE WATER ALERT CANCELED

This notice only applies to customers South of the Tule River in River Island Territory #1 as shown on streets in RED of the included map (see reverse). This does not apply to customers in River Island Territory #2 that are served by a Point of Use device.

All customers of DEL ORO RIVER ISLAND TERRITORY #1 located in the Montgomery Ranch Area, shown on streets in RED of the included map (see reverse) were notified on March 10, 2023 and March 23, 2023 of a problem with our drinking water. Customers were advised to stop using the water for drinking or cooking due to concerns with contamination following mainline breaks caused by flooding. We are pleased to report that the water passed bacteriological testing and that it is no longer necessary to use bottled water for drinking and cooking. We apologize for any inconvenience and thank you for your patience.

We suggest customer flush the lines in your home for approximately 5 minutes for faucets not used in the last few days.

As always, you may contact our Call Center Representatives at (530) 717-2514 or Drawer 5172, Chico, CA 95927 with any comments or questions.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this public notice in a public place or distributing copies by hand or mail.
