2023-24 Low Income Ratepayer Assistance (LIRA)

Program Description

The California Public Utilities Commission has authorized Del Oro Water Company to implement a Low Income Ratepayer Assistance (LIRA) program intended to lessen the effects of water rates on low-income families. The Del Oro Water Company's Stirling Bluffs District LIRA provides a 20% discount (max. discount \$5.87) of the 5/8" x 3/4" Readiness-To-Serve charge for residential service for customers eligible for the program based upon the same income qualification guidelines that are used by PG&E's rate assistance CARE program.

If you already participate in PG&E's CARE program, you will also qualify for Del Oro Water Company's LIRA. Customers without PG&E service in their name can qualify by providing income verification in accordance with the program guidelines. The program also extends eligibility to qualified non-profit group living facilities. Once you have qualified for the program, the LIRA discount becomes effective no later than one billing period after receipt and approval of the customer's application by Del Oro Water Company. The discount will automatically appear on your water bill.

In order to fund this program, the Commission has authorized Del Oro Water Company to collect a surcharge of \$5.78 per month on ineligible customers. The surcharge will be identified separately on the bill and be applied to all customers who are not recipients of the LIRA benefits.
