Notice Of An Informal Public Zoom Meeting

October 6, 2026 at 6:00PM

By Advice Letter No. 554, dated June 2, 2026, Del Oro Water Company on behalf of all Del Oro Water Districts has requested authority from the CALIFORNIA PUBLIC UTILITIES COMMISSION (CPUC) to modify its Annual General Metered Quantity Rates and Service Charges.

Standard General Rate Case (GRC) workbooks were submitted showing proposed rate increases for each district. The calculations were based on factors such as the number of customers, water consumption, meter sizes, three years of historical operating expenses, and actual increases in costs for purchased water, electricity, insurance, employee salaries, and health benefits.

The Del Oro Water staff and the California Public Utilities Commission will hold an informal public zoom meeting on October 6, 2026 at 6:00 p.m. to explain the increase process and receive public input.

The public zoom meeting is informal and affords customers the opportunity to ask questions and express their views.

The CPUC staff will make a thorough investigation of the utility's request. Following the investigation, the CPUC may grant the utility's request in whole or in part or may deny it.

Where and when will the Public Meeting be held?
